Note	The floor standing, or so-called multimedia kiosk-totems designed by WTD, are the new interactive indoor and outdoor solutions equipped with large touch screen monitors, elegant in both form and structure that allow the consultation of interactive multimedia and information contents. They are solutions conceived both for the large-scale distribution sector, for example in shopping centers or shops, and as an information point in spaces managed by the public administration such as museums, squares or inside railway stations and airports and naturally in the sector of hospitality in general.
